Temporary Storage for Two Cases Rockets (114 lbs.)

1. Confirming our discussion 2 December 1955, it is requested that arrangements be made to temporarily store two (2) cases, weighing 114 lbs., of rockets which will shortly come in [] for shipment to []. Our request for storage is based on Transportation's request for temporary storage if the elements are such as they cannot transport by truck the items directly from Andrews Air Force Base to [].
